Hermis, With 180 Pounds, May Be Favorite Over Waterboy, With Three Pounds Less—Attractive Programme for the

Week-Great Republic and the Special. The Saratoga meeting, which begins this afternoon, promises to be noteworthy be-cause of the many rich stakes to be run and the high class of the horses that will take part in them. The \$12,000 Saratoga Handicap at a mile and a quarter is the feature of today's card. Only nine horses have been named to go, the notable absentees being lrish Lad, Gunfire and McChesney. Hermis takes up 130 pounds, top weight. He has not raced since winning the Test Handicap on the first day of the Brighton meeting, when he pulled up slightly lame. Trainer Shields has allowed the Hermence colt to rest up completely, so that he will go to the post to-day absolutely fit. Hermis won the Suburban by making all the running, and the sharps predict that he will win the race to-day under similar circumstances. E. R. Thomas and Alexander Shields intend to bet heavily on Hermis, who will come pretty near being the favorite at post time. James Waterboy, with 127 pounds, will B. Haggin's e regarded as the chief contender, providing the track is dry. Waterboy showed that he had come back to his former great self when e easily defeated Broomstick at the Beach. After that event the Watercress colt pulled up as sound as a dollar, and Trainer Joyner said that he would surely start in the handicap to-day, although the horse's most important engagement was the Great Republic Stakes next Saturday. Waterboy will not start this afternoon unless the track is perfeetly dry, for he has never shown anything

August Belmont's Lord of the Vale, with 112 pounds, is regarded as another factor. He defeated Hurst Park recently and showed wonderful gameness under the whip in the stretch. It has often been said that this particular son of Hastings is the best horse in Mr. Belmont's barn. He is in the hands Jack Joyner and can make things hum in heavy going. E. R. Bradley's Bad News, ding to many of the shrewd people, has been literally pitchforked into the race with 108 pounds. He has developed into a high handicap horse since last year and the way he took the measure of Hurst Park in a recent race showed conclusively that he could go a route in fine style. His owner says that a horse that can give twenty pounds and a beating to Bad News must be a real

The Picket has 123 pounds. The Falsetto colt has enjoyed a good rest and has recovered from slight lameress, it is said, which for a time was a source of worriment to Carroll Reid, his trainer. In the Brooklyn and the Suburban Handicap The Picket showed himself to be a racehorse of highest quality. He can carry weight and is one of the greatest stretch runners on the turf. John Sanford's Caughnawaga, with 111 pounds, is comparatively an unknown quantity. He has not n to the races this season, but as the Sanford horses are usually prepared for the Baratoga meeting, it will not be at all surprising if the son of Clifford is heard from. E. E. Smathers will depend on Grand Opera, who will carry 106 pounds. The Wagner horse is late in coming to hand this year, but he won the last time out with weight up and may turn out to be something of a factor. Mike Daly's Claude, with 104 pounds, will be played in case the track is muddy, but otherwise the sharps do not see where he figures. The same may be said of the erratic Major Daingerfield, who wins and loses almost when he pleases

In addition to the handicap to-day the and a half furlongs will be a feature. James 2. Keene's great colt Sysonby will be supported heavily to win, as he is considered the best two-year-old seen so far this season. He will take up 125 pounds and will meet Paget's eligibles are Trapper, Zeala and Cairngorm, the others being R. T. Wilson, Jr.'s, Sparkling Star, Mr. Keene's Augur nd W. B. Leeds's Merry Lark.

The Baliston Steeplechase, at about two

miles and a half, has attracted a small field of rather inferior calibre. The first race day has a big field of sprinters to go six furiongs. W. B. Jennings's Letola, Joe Yeager's Mimosa and Charley Fox's Sovereign have been selected by many shrewd of the lot. In the fifth race, for maiden twoar-old fillies, at five and a half furlongs, H. B. Duryea's much talked of Cricket and Heart's Desire have been named to go, although it was reported the other day that the former had gone wrong in her work. Intrigue, from the Keene stable, Sparkling and Mirthless may go well, as all have displayed excellent qualities in recent races. In the last race, for platers at a mile, Frank Lauterman's Stuyve, E. E. Smathers's Dick

The Mohawk Stakes, for three-year-olds will be run to-morrow: on Wednesday the \$15,000 Spinaway Stakes, for two-year-old fillies, at five and a half furlongs. From the list of eligibles it would seem to be within H B Durves's power to win this rich prize. as he can start the wonderful Tanya, Bumble Bee, Iota, Cricket or Heart's Desire.

Hamburg Belle and Beldame will meet, no doubt, in the \$5,000 Alabama Stakes, for three-year-old-fillies, at a mile and an eighth, to be run on Thursday. August Belmont's Bridlepath, S. S. Brown's Audience, E. R. Thomas's Dimple and E. L. Graves's Dinah Shad are possible starters. There is no stake down for Friday, but Saturday's card will be about the best of the week. The \$50,000 Great Republic Stakes, for three-yearolds and upward, at a mile and a quarter, will be the race of the day. Waterboy, Her-mis, The Picket, Bryn Mawr, Delhi and Moharib are the best of the eligibles. The rich Saratoga Special, for two-year-olds, at five and a half furlongs, is another magnetic feature. The notable eligibles are H. B. Duryea's Bumble Bee and Cricket, S. S. James R. Keene's Sysonby, Von Tromp. Augur and Veto, John E. Madden's Hot Shot, Courtplaster and Wild Irishman, John A. Daske's Britisher, Sydney Paget's Tradition and Jonquil. R. T. Wilson, Jr's Sparkling Star and others less prominent. The Bever-Stable room at the Spa is at a premium, which

MOTH MILLER IN FRONT. Former Pacing Champton Gains Fresh Laurels on the Speedway.

George Huber's former Speedway champion pacer Moth Miller, 2:07, was the most promi-nent winner on the Harlem drive yesterday morning. After an absence of many weeks gathering honors and money in the real battles of the turf, the surdy roan came back to the amateur contests ready to resume his place as a leader.

Alexander Frankenstein's chestnut pacer Fred. W., 2:08%, driven by J. T. O'Connor, was the first to meet Moth Miller, but a long season of idleness had left Fred. W. a little shy on speed, and Moth Miller beat him decisively. A field strung out half way to the quarter mile post finished behind Moth Miller in the next brush. The veteran trotter Kingwood, 2:17%, driven by George A. man, would have been second had he not been taken in hand too soon, allowing Cassa-rone, with Thomas Flood up, to beat him by a head. Then came trim little Carrie C., driven by A. J. Vermilyea, with Strangeleaf, driven by Dr. De Rende, on a break and Better Luck, ably handled by Alexander Newburger, driving everything before him.

The best brushes Moth Miller won were The best brushes Moth Miller won were when he met the big bay pacer Startle Wilkes, 2:14%, driven by W. W. Cochran. Startle Wilkes rushed away at running horse speed and at the quarter mile post he looked like a winner. Then he began to shorten his stride and at the end of the iron railing the roan champion headed him. From this point Moth Miller won easily. The second brush was merely a repetition of the first.

The rival pacers Better Luck and Carrie C. had a series of brushes, with Dame Fortune favoring the former. Carrie C. won the first in a driving finish without a mistake by either horse. Then the trim little mare became unsteady, and Better Luck beat her twice decisively. Better Luck also won twice from the trotter Strangeles, driven by Dr. De Ronda.

unsteady, and Better Luck beat her twice decisively. Better Luck also won twice from the trotter Strangelsaf, driven by Dr. De Ronda.

William Scott and his trotter Gray Billy figured often in the winning division. Gray Billy beat the bay trotter James Shevlin, 2:13½, driven by Henry Phillips, and later finished in front of the bay trotter Crimmins, 2:29½, from the stable of J. T. O'Conner. When Gray Billy was sent to tackle the trotter Freeland, 2:17½, driven by David Goodman, he had to accept second place.

After his early defeat James Shevlin did not lose a brush. He beat the pacer Fred W., 2:08½, by a head in one of the beat brushes of the morning and just managed to win over the roan trotter Gracie T., 2:25½, with Elmer Stevens at the reins. Fred W. also won a number of good brushes later in the sport, beating the bay trotter Teddy K., driven by Mr. Kennedy, and later the bay trotter Crimmins.

Gracie T. also won several good brushes after her defeat by James Shevlin. In the first Better Luck, Cassarone, Don Cyrene and Carrie C. finished behind her in the order named. Then Don Cyrene beat Cassarone single handed. Cassarone also paced two good brushes with the chestnut pacer Tillie D. winning the first and losing the second.

James A. Murphy, behind the bay pacer Startle Wilkes, 2:14½, driven by W. W. Cochran, and in a pretty finish Wesley R. won by the length of his neck. Peter Manee, behind the bay pacer Col. Benton, 2:14½, won several easy brushes over horses he outclassed, including the brown trotter Teddy K., The bay trotter Del Arthur, driven by John Smith, proved a good winner. He won a nice brush over the black pacer Molino Wilkes, 2:24½, driven by Mr. Kennedy. Thomas Leahey, behind the brown trotter Santos, 2:21½, also won twice over Teddy K.

The bay trotter Del Arthur, driven by John Smith, proved a good winner. He won a nice brush over the black pacer Molino Wilkes, 2:24½, driven by Mr. Lott, after two handy breaks. Later Dei Arthur beat a fast field that included the trotters Captain A., and la

LEMBERG STRUCK TAPE FIRST Twenty Mile Open Amateur Cycle Race at Manhattan Beach.

The twenty mile open amateur bicycle race at Manhattan Beach yesterday, which was won by Carl Lemberg, was the best contest won by Carl Lemberg, was the best contest of the day. Nearly a hundred riders started in the race, and it was sent off in five divisions with intervals of eight seconds between. Marcus Rurley, the champion of the New York Athletic Club, started in the last division, but retired after going several miles. Several of the riders fell at the eighteenth mile, but none was seriously hurt. Oscar Schaub of the Century Road Club got a bad cut on the leg. The riding of Joe Rockowitz was a feature of the contest. He won the first prize for leading the greatest number of laps and came in third in the race. KRAMER WINS AT VAILSBURG.

Exelting Finish in Five Mile N. C. A. Circuit Championship.

The races at the Vailsburg cycle track yesterday were interrupted by rain, but the form of the first round was 2 down, but his consistent playing told on Leokwood, who was unable to duplicate his wonderful shall be consolation cup from William Stanley of Wyantenuck by 1 up on the thirty-seventh green. In the scratch foursome, which wound up the tournament, the winners were John Reid, Jr., of St. Andrews and Marc M. Michael of Yountakah.

yesterday were interrupted by rain, but the five mile N. C. A. circuit championship event had been finished before the races were stopped by the wet track. Kramer won the race, thereby adding five more points to his score in the table of points won on the 1904 circuit, but Root of Boston gave him a great argument. The Bostonian was teamed with McFarland and the crafty Californian made an earnest attempt to land his team mate

an earnest attempt to land his team mate first over the tape.

Dorlon led at the bell, followed by McFarland, Root, Fenn and Cadwell. The tall Californian began to sprint as soon as the tape was crossed beginning on the last lap, and Kramer was forced to a desperate ride, as he had been in a bad position when the last lap started. Root went to the front at the middle of the last turn and Kramer grew alongside of him as he entered the stretch. Root put forth his best efforts, but Kramer led him over the line by two feet. Fenn had been trailing Kramer and seemed a sure third, but Cadwell rushed along on the pole and crossed the tape a few inches ahead of him. There were special prizes of \$10 for the leaders at each of the first three miles and some good races resulted for these prizes. Most of the amateur stars were at Manhattan Beach and Billington had little trouble winning the quarter mile open amsteur race.

BRITISH OPEN CHAMPION NEXT

PLAN FOCUSSING TO HAVE JACK WHITE HERE THIS MONTH.

Will Anderson Has Been Asked by Two Clubs to Be Ready for Him-Programme Out for Amateur Championship at Baltusrol-Who Will Win Western?

There is every outlook that the British open champion, Jack White, who won his title in June at Sandwich with the record total of 296, will be in this country this month He is a North Berwick player, although for some years at the Sunningdale Golf Club, in England, and regarded as by far the best of the younger set of professionals on the other side. White has taken part in but six open championships, winning this year and being placed in four of his five prior starts. His coming will depend on the number of engagements offend to him but American depend gagements offered to him by American clubs, and the advance arrangements for the tour are being made by A. C. Pottow, editor of Golf. Will Anderson of the Apawamis Club, holder of our Western and open champion-ships, has been booked by the Chicago Golf Club and the Shinnecock Hills Golf Club to meet White on their links, should the latter come over, and a similar offer has been made to Bernard Nicholls by the Kent Country Club of Grand Rapids, on condition that the match be played before September. With the coming of Robert Maxwell, Jr., the British titleholder of last year, and possibly some others, to play in the amateur at Baltusrol and the Olympic tournament, links to close the summer season. This week there will be a meeting of the strongest amateurs at the three day invitation tournament of the Shinnecock Hills Golf Club on Thurs-

day, Friday and Saturday. Official notices regarding the amateur championship have been sent out by the United States Golf Association. Competitors must enter through the secretaries of their respective clubs, and a fee of \$5 must accompany each entry. The entries close with Secretary Morgan at 6 P. M., Aug. 29. Besides announcing that the competition is open to all golfers belonging to U. S. G. A. clubs—the wording is suggestive—the circular embodies the new ruling that foreigners visiting this country who may be invited by the executive committee of the association may also play. Golfers who may be touring here, in other words, may not enter unless they are invited to do so. It is not the intention to draw a line against any player of note who may be in the country at the time, it is understood, but the authorities do not intend to have the championship the mecca for every touring enthusiast who may have brought along a bag of clubs. As one of the committee put it: "We have duffers enough of our own."

FLANAGAN'S WORLD'S RECORD. Irish Herouses Throws 16-Pound Hainnie

The United Irish Societies held a set of athletic games at Celtic Park resterday and the proceeds of the meet will go to the Christian Brothers' College at Clontarf, near Dublia, Ireland. It was estimated that there wer 7,000 persons present and Brother Frisby felt satisfied at the way the public patronized the event. From an athletic standpoint the sports were a huge success, with one exception. Many persons went to the Irish park expecting to see T. F. Kiely, the all around champien, in his war paint, but they were disappointed, for the "Carrickman" was no nearer to the place than San Francisco. 178 Feet. nearer to the place than San Francisco.

One of the features of the day was the all around weight throwing contest with John Flanagan as the central figure. The Hiber-nian Hercules sent the 16-pound hammer nian Hercules sent the 16-pound hammer a distance of 173 feet and if the weight and other conditions were correct the throw is a new world's record. The old record was 171 feet 3 inches on the same ground by Flanagan himself on Sept. 3, 1901. Flanagan also won the 56-pound weight with a fine throw of 36 feet 4 inches, which is within 5 inches of the world's record. On the basis of 5 points for a first, 3 points for a second and 1 points for a third, Flanagan won the contest with a total of 14 points. Foley of the New West Side A. C. was second with 10 points and Sheridan of the Greater New York Irish A. A. third with 9 points.

SECTIONAL BATTLES ON IN BOTH RIG LEAGUES.

Western Teams at the Polo Grounds Some thing About the Sprinting Ability of Bay and Browne-The Two Used to Play Together on the Auburn Club.

Now the Western teams of the National League come East and the Eastern teams of the American League go West. By far the most interesting National League games when the Western teams were here; so this week and next will bring better games than there have been since the New Yorks re turned home. New York is the only team of high class in the Eastern half of the National League and what hard fighting the New Yorks have to do is against the Western eams, where there is a great deal more comoined strength than in the East. Chicago, Pitteburg and Cincinnati have

given the New Yorks about all the real fighting they have had to do this season. Boston, Brooklyn and Philadelphia have been mere pustime for the New Yorks, but as it is with the Westerners that the New Yorks will be the westerners that the New Toria will be tangled up for some time now, there is plenty of hard ball ahead at the Polo Grounds. The New Yorks have such a lead and have so amply demonstrated their ability that there is little danger of their being ousted from

New Yorks have such a lead and have so amply demonstrated their ability that there is little danger of their being ousted from first place.

The strength and fighting qualities which the New York Americans have shown on the road make their friends regard the present Western trip with a degree of complacency. There is more speed in Griffith's men than has yet been shown here, for the simple reason that all season from two to four men have been dragging game legs with them. Get Keeler, Conroy, Dougherty, Fultz and Elberfeld all fit at the same time, and the New York Americans will show some ball as speedy as has yet been seen in these parts. The play against St. Louis after a couple of days rest showed this. The brief lay-off helped the cripples, and speed and ginger were seen in the St. Louis games.

Lianzel expects to be in the game again to-morrow. This will send Anderson to the outfield and give Dougherty or Keeler a chance to get needed rest. Dougherty has been under the weather since he came here. He wanted to lay off ten days at his own expense, but could not be spared.

There has been some talk about a 100-yard race between George Browne of the New York Nationals and Harry Bay of the Clevelands. Both are fast as lightning in getting to first. Both have been referred to as ten second men, but it is altogether improbable that either is that fast for a hundred yards. There probably is not a ten second man in baseball.

Browne was asked last week how fast he could move for the hundred. "I don't know." he replied. "I never was timed. Wefers used to coach me some in Washington, and he told me I was good for about 10% seconds, I don't know how fast Bay is either, but I'll say this. He's good and fast. He and I used to play on the same team at Auburn. The only way I'd run anybody would be in running clothes, not in heavy baseball uniform. The fastest chap I ever ran across in baseball was Fox, who played second base for Cincinnati a while. I think he's out West now. He could do ten seconds, all right."

They als

right."
The Yale second baseman, Metcalf, could The Yale second baseman, Metcalf, could move some going to first base. Some experts have pronounced him the fastest man in the country getting to the first sack. And he had some lightning throwers to contend with too. They say of Stage, the ten second man, who once umpired in the National League, that he would leave the plate at the same time as the runner and be at first base waiting for the fastest runners. Such runners as Browne, Sheckard, Keeler, Dougherty and Bay are not only terrors to infielders because of their speed, but because they are left hand hitters. They are fast all the way around, too. Jones of Brooklyn is a pretty swift proposition straightaway. Bay is dangerous, not only on account of his speed, but because, like many a good base-runner of no pronounced speed, he gets a quick start.

Cardinals Start in Briskly, but Chicagos Win the Game.

CHICAGO, July 31.—St. Louis started in briskly to-day, a fumble by Tinker, hits by Beckley and Smoot, and an outfield fly counting two runs in the first inning. In the second Chicago fairly massacred Dunleavy, Farrell's fumble of Evers's grounder started the fusiliade. Tinker singled, Barry fiew out and Lundgren soaked a three bagger. Hits by Slagle, Williams, Chance and Kling followed, and seven runs came home before the smoke cleared up. After this the game merely dragged through the allotted innings St. Louis trying hopelessly to catch up and Chicago striving to end the agony. The score: CHICAGO, July 31 .- St. Louis started in

Hayes Lost It and Went Out of the World, Leaving It 11 Cents. A middle aged man, registered as Thomas Hayes of Boston, who had been hanging

around the Grand Union Hotel since last

Wednesday, registering each night and

paying in advance for his room, was found dead in bed yesterday morning with the gas turned on full and the joints of the window stuffed with tissue paper.

On a table in the room were two decks of cards arranged in piles as if they had been used in a game of solitaire which

had not come out.

Besides these cards the effects the Coroner found were 11 cents, two pocket knives and the red leather holder of an Elks membership card from which the card itself had

been torn.

The man had no baggage, not even linen or a tooth brush. His clothes were ready made, of black cheviot and bore no marks to show where they had been purchased. The latel had been torn from his black derby hat and there were no initials on any of the clothes. The name Thomas Hayes, on the hotel register, is the only record the man left behind.

PRIZE CAKEWALKER A SUICIDE. Throws Himself Into Bergholz Lake and Refuses to Be Helped Out.

NEW ROCHELLE, N. Y., July 31.-After gazing for a few minutes at the photograph of his pretty mulatto sweetheart, Simes of his pretty mulatto sweetheart, Simes Stocks, a young colored man of this place, committed suicide to-day in the presence of about fifty people by throwing himself into Bergholz Lake, where he drowned. The spectators were mostly bathers. When they saw that Stocks was drowning they threw him a rope, but he refused to take it. The body was recovered by Matty Flynn, a puglist of Pelham, who dived for it. Warren Green was sitting on the bank when Stocks arrived at the lake. He says that the colored man gave him the picture of the colored man gave him the picture the colored man gave nim the picture of Rosa Ayres, his sweetheart, and some jewelry and said: "You take these. My girl has gone away for six weeks. She will never see me any more." Five minutes later he was dead.
